LaTonya,

I wanted to check in on my voice mail to you from yesterday. The St. Louis County Executive Charlie Dooley has been getting pressure from the residents near West Lake Landfill to take more action. He cc'd the Senator on a letter to Mr. Brooks requesting a briefing on West Lake Landfill and where EPA is in the process of modification of the ROD.

What is the status on that request?

Thank you.

Kerry J. DeGregorio  
U.S. Senator Roy Blunt  
St. Louis District Office  
7700 Bonhomme Ave  
Clayton MO 63105

Fax: 314-727-3548

## **STEPS TO REMEDY IMPLEMENTATION IN ACCORDANCE WITH NCP**

- PRPs submit supplement to SFS to take into account results of additional work.
- EPA consults with NRRB about Proposed Plan.
- EPA issues Proposed Plan which identifies changes to 2008 ROD remedy.
- Notice of public comments on Proposed Plan is issued and public meeting held.
- EPA considers public comments and issues amended ROD.
- EPA resumes negotiations of Consent Decree with PRPs.
- DOJ lodges negotiated Consent Decree with Court, publishes notice of public comment period.
- EPA/DOJ consider public comments and if settlement still deemed in the public interest, DOJ files motion to enter Consent Decree.
- Assuming Court enters Consent Decree, implementation of the remedy begins.
